

Viet Nam - Japan Medical ICT and Aging Workshop

This workshop, organized by the Japanese government on behalf of the Asian Health and Wellbeing Initiative (AHWIN), aims to promote mutual learning and collaborations between Viet Nam and Japan. Experts in healthcare and relevant tech industries from both countries will gather to exchange their perspectives and share knowledge about the latest medical ICTs, products, and services for people of all ages including older adults.

Date:
Tue, 31st Oct, 2023

Time:
13:30 ~ 17:15
